

Centre for London – 2013 Funding Report

About our funding

Our work is funded by a mixture of private, public and third sector organisations, as well as from individual donors who believe in the power of ideas to change the city.

We rely on the support of organisations and individuals to help fund our work, and we receive most of our funding on a project by project basis.

We are committed to being transparent about our funding. A breakdown of our funding in 2013 can be seen below.
